

Bethshan Village Triplex

“LA’s professionalism as a master builder is unrivalled.”

LINDSAY SLATER, ACCOUNTANT

The completion of the Village Triplex represents the area’s first new construction for over 40 years and is the first stage in a major replacement and modernisation program for retirement and independent living dwellings in Bethshan Gardens. LA assisted in finalising approvals for the development and undertook the construction within the specified time and cost parameters. The same attention to detail is given to all projects regardless of size and LA was later rewarded by being appointed Project Managers for the master planning and redevelopment of the entire Village.
